Design your Own Style

Make it yours.

01 / Choose the garment

Start with the main uniform page, select the sport's natural style split, then add practice wear, warmups and accessories.

The reference cards preserve the hierarchy of the original catalog

02 / Build your options

Choose a cut, neckline, sleeve, closure and color layout. Fabric, decoration and size choices are listed per entry.

Options labeled proposed require manufacturing confirmation;

“not stated” is retained wherever the source did not establish a detail.

03 / Personalize the identity

Veste Craft's requested brand offer includes player names, numbers, sponsor logos and team colors, with custom manufacturing and a 3–4 week turnaround.

These are your supplied brand terms, not verified competitor promises.
